Ontario Travel has information to assist physically disabled travellers. Accessibility information is being collected considering a variety of special needs. We encourage you to call our toll free line so that our counsellors may assist you with the details you need to plan and enjoy travel throughout the province.

HOLIDAYS

Whenever we say Thanksgiving we mean Canadian Thanksgiving,
which happens the second Monday in October.

Other public holidays in Ontario: New Year's Day, Good Friday,
Victoria Day (May 24 or preceding Monday), Canada Day (July 1), Civic Holiday
(first Monday in August), Labour Day (first Monday in September),
Christmas Day and Boxing Day (December 26).

Many places in Ontario close on Christmas, New Year's Day and Good Friday.
Be sure to check ahead.

INDUSTRIAL AND COMMERCIAL TOURS IN ONTARIO

Ontario's industries offer a wide variety of tours to individuals and groups. See how gold is mined deep underground, or how mighty pine trees are transformed into the base for tomorrow's newspaper. Find out how mouthwatering products - from chocolates or cheese to popcorn or pheasant - are prepared for your palate.

The majority of industries require a minimum of several weeks notice so that tours can be scheduled to operate smoothly with production. We recommend that you write or telephone well in advance of your trip. Unless otherwise indicated, there is no charge for the tours.

The information in this guide has been arranged according to the 12 travel regions in Ontario. The boundaries are indicated on the map which follows.

Although not listed in this publication, many fire and police departments, as well as municipal buildings throughout the province, offer tours of their premises. Please contact the local authorities for further information.

We welcome your comments on the tours we have included, as well as any information about additional tours not listed.

Every effort has been made to ensure the most up-to-date information possible, but please note that it is subject to change.

Sudbury P3C 4S2
Tel: (705) 674-4704

THE PATH OF DISCOVERY**MINING**

On guided bus tours visitors explore the geological phenomenon of the Sudbury Basin. Geologists are still uncertain whether this 56 km (35 mi) long and 27 km (17 mi) wide depression in the earth's surface was caused by the impact of a giant meteorite, or whether it is the inactive crater of an old volcano. This 2 1/2 hour tour includes Inco's surface plant, one of the world's largest open pit mines, and a visit to the base of the world's tallest smokestack.

Location: From Big Nickel Mine or Science North

Season: June 25-Labour Day, 3 tours daily. Please confirm dates and times of tours with Science North.

AREA 8**RAINBOW COUNTRY**

Admission: Adults \$8.95, Children (6-18) and Seniors \$4.95. Combined ticket for Path of Discovery, Big Nickel Mine and Science North: Adults \$16.00, Children and seniors \$9.25. (Subject to change).

Groups: Guide on group's own bus - \$80.00. Tours available May-Thanksgiving.

DRYDEN TREE NURSERY**REFORESTATION**

The station consists of 1,053 hectares (2,600 acres) of which 47 ha. have been cleared for bare root seedling production. The Dryden Tree Nursery was established in 1958 as a regional nursery to supply stock needed for planting on crown and private land in the districts of Sioux Lookout, Ignace, Dryden, Fort Frances, Red Lake and Kenora. At present, the nursery beds contain over 30 million seedlings of various species in different stages of growth. Ten production greenhouses have a maximum output of 4 million seedlings per year. Two smaller greenhouses accommodate a "plus tree" grafting program averaging 6,000 grafts per year. On location, a seed extraction plant processes 10,000 hl of Jack Pine cones per year.

Location: 6 km north of Hwy. 17, just 1 km west of Wabigoon.

Season: All year (subject to work program).
Tours: Monday-Friday 8:00am-4:00pm.

Groups: One week's advance notice required in writing.
